ELECTRIC FLATTOP GRILL WITH 4 AREAS M100

Flattop grill for direct and indirect cooking. Hotplate made of stainless steel with hardened chrome contact surface, maintains the heat and reduces heat loss in the environment with considerable energy saving. Hotplate with radiused corners and bevelled upper edge, cooking area dimensions 830x660 mm., thickness 18 mm. and height flush with the worktop. Four independent 4 kW cooking areas with dimensions 410x320 mm. and surface temperature adjustment from 50 to 400°C. It is possible to set different temperatures on the different areas and to shift pans so as to obtain the best cooking or cook food directly on the cooking surface. Appliance equipped with a wide perimeter duct, hole for draining and a liquid collection drawer.

Technical data
